Homepage Feature Details

Not only did we update the look of our homepage but, we added new features, and changed our header to support easier navigation throughout the site. The homepage now includes a Shop By Categories Section, our new Gauge Finder Tool, Featured Manufacturers, and Featured Products.

1 Shop By Categories

If you know what you're looking for, our goal is to get you there faster. Now you can shop by our product categories directly from the homepage.

2 Gauge Finder

Did you know Valin Online has over 3,000 gauges to shop? Check out our new Gauge Finder Tool to search for a pressure gauge by specific attributes needed for your application.

3 Featured Manufacturers

Each month we will be featuring five manufacturers. You can find the featured manufacturers in the left navigation bar on the homepage. By clicking on the manufacturer's logo or on the link below the logo, you can start shopping all the products associated with that manufacturer.

4 Featured Products

Each month we will be featuring twelve new products from various manufacturers.

Manufacturer Resources

We've upgraded our manufacturers pages to include additional resources which can all be found in the left-hand navigation. We've also included the manufacturer's logo as well as a brief explanation about their company.

1 **Manufacturer-Specific Resources**

In addition to being able to shop by product categories, the manufacturer's pages now include datasheets, user manuals, software, catalogs, articles, blogs, and manufacturer FAQs. This additional content will appear if it is available for that manufacturer.

2 **Manufacturer Logo**

We've replaced our banners with manufacturer logos. Easily recognize brands without the hassle of excess scrolling.

3 **Additional Manufacturer Information**

Want to know more about our manufacturers? We've included a short paragraph that explains who each manufacturer is and what kind of products they produce.

See the ABB Low Voltage
Manufacturer Page.
