

Valin Corporation has engineered drop-in pneumatic manifold replacements that are a perfect solution for your aging fleet of Endura SVD Slit Valve Manifolds and your Centura Gas Box Manifolds. These manifolds come as a complete kit for ease of installation.

Endura SVD Slit Valve Pneumatic Manifold Replacement

Valin has engineered a drop-in pneumatic manifold replacement that is a perfect solution for your aging fleet of Endura SVD Slit Valve 0010-20052 & 0010-70297 tools. These AC-150-2321 pneumatic manifolds come as a complete kit for ease of installation. Current Endura pneumatic manifolds 0010-20052 & 0010-70297 are up to 25 years old with potential Cv leakage and are obsolete. Valin's drop in pneumatic manifold replacement is a complete solution! CLEAN, SIMPLE DESIGN

Centura Gas Box Pneumatic Manifold Replacement

Valin has engineered a drop-in pneumatic manifold replacement that is a perfect solution for your aging fleet of Centura Gas Box Pneumatic Manifolds. The AC-150-2444 pneumatic manifold comes as a complete kit for ease of installation. The AC-150-2444 replaces Centura pneumatic manifold part 0190-09487 for both the lower and upper gas boxes without NF3 interlocks.
